Burlington Humane Agent's Work.

During the month of November John Fuller, humane agent, of Burlington, visited South Burlington (twice), Taft's corners, Mallett's bay, Essex Junction, West Bolton, Shelburne and Shelburne Falls, and Johnson, Seventeen complaints were investigated outside of the ity. At a farm near Essex Junction were found twenty head of cattle with-out shelter; the owner could not dispose of them, because of a chattel mortgage. In Johnson ten head of cattle had been abandon because the owner had no feed for them, and the mortgagee refused to receive them. They were taken in charge by State's Attorney William Tracy. The law seems to afford no satisfactory solution of this unusual case. A man from Williston was arrested for working a horse in an unfit condition, and paid a \$5 fine and \$5.20 in costs. For knocking out a dog's eye, a young man was brought into court and paid a \$5 fine with \$12 costs. In West Belton a horse was found in wretched condition and shot. This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means, a destroyer or killer of "Herpes," Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dan-druff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPI-CIDE promptly destroys; after which the hair grows.
